The pattern will be completed in a modified dressage ring. Patterns for all competitors will be read by a reader provided by the show committee.

Riders may choose English or Western tack. Riders in Western tack may use any type of western headstall, including bit-less bridles, bosals, snaffles and curb bits. A curb bit can be used with one or two hands, but may not go from one handed to two handed during the pattern. English riders may only use standard snaffle bits such as a loose ring, egg butt, d-ring, full cheek. No twisted snaffle bits are allowed under either English or Western tack. A breastplate may be used. Whips are not permitted. Illegal equipment: any type of martingale, bit guards, any kind of gadgets (such as bearing, side, running, balancing reins, tie-downs, nasal strips, tongue tied down, etc.) any kind of boots or bandages (including tail bandages) and any form of blinkers, earmuffs or plugs, ear covers, nose covers, seat covers, hoods will result in elimination.

BARREL RACING

TRAIL PATTERN (pattern attached)

Up to 14 obstacles will be set. Each obstacle carries a value from 5 to 60 points according to difficulty. Each obstacle may be negotiated only once, however, it is not necessary to negotiate all obstacles. Horses may be ridden English or Western.

OPTIONAL EVENTS (choose 1 of 3 events)

JUMPING

The jumping portion of the Battle of the Breeds will be run as a 'Gambler's Choice' class. The course will consist of a maximum of twelve fences (no combinations) with each fence jumped clear to be credited with 10-120 points, depending on the degree of difficulty. Obstacles may be jumped in both directions, and in any order. If an obstacle is knocked down, it scores no points, and may not be jumped again. The height of the obstacles will range from .5m – .9m. Riders will be given the opportunity to walk the course ½ hour prior to the competition.
